

VARIATIONS 2023

SOME PLACES TO EAT IN ULLAPOOL

The following alphabetical list is not comprehensive – it is merely a list of places where participants have eaten in the past. We understand that the hospitality industry in Ullapool, like other places, is suffering from a shortage of staff so that many restaurants have not been able to be open all week in the early part of 2023. We therefore recommend that you check details in advance of deciding on where to eat. As there are as many tourists as pre-pandemic we also suggest that you book at least 24h in advance if possible.
